Crafting Ayurvedic Excellence with Trust & Innovation

Our state-of-the-art facility operates under globally recognized certifications, ensuring **purity, consistency, and compliance** at every stage.

From **concept to creation**, we help Ayurvedic brands transform ideas into impactful wellness products that resonate with today's lifestyle and values.

Certifications, Infrastructure & Trusted Excellence

Our Certifications

GMP Certified – Ensuring consistent quality and manufacturing safety.

ISO Certified – Upholding international process and documentation standards.

HACCP Certified – Maintaining stringent hygiene and control systems.

AYUSH Certified – Authentic Ayurvedic formulations with full regulatory compliance.

Our Manufacturing Divisions

- Tablets Section
- Capsules Section
- Powders (Churna) Section
- Liquids & Syrups Section
- Avale / Lehya Section

All sections operate under independent quality monitoring and a unified supply chain, guaranteeing **standardized quality and on-time delivery**.

Why Choose Ivy Herbals

- ✓ All Ayurvedic forms under one certified roof
- ✓ Custom formulations & third-party R&D support
- ✓ Fast turnaround with a reliable supply chain
- ✓ Premium & trending packaging solutions
- ✓ Dedicated project coordination & branding assistance
- ✓ Trusted by startups and established Ayurvedic brands alike

Our 4-Step Manufacturing Process

Step 1

Choose from our diverse range of Ayurvedic dosage forms – tablets, capsules, powders, liquids, and avale.

→ We'll guide you through what suits your brand vision best.

Step 2

Choose from our **ready-to-market formulations** or create a **custom blend** with our experienced Ayurvedic formulators.

→ We ensure scientific validation and authentic sourcing of ingredients.

Step 3

From *minimalist jars* to *premium metallic cartons*, we provide trend-driven packaging solutions that align with your brand identity.

→ Design assistance and mockups are also available on request.

Step 4

Once approved, production begins under strict quality checks.

Every batch is lab-tested, documented, and securely packed for shipment.

Bonus

We help you with label design, ingredient justification, and compliance under AYUSH & FSSAI norms.
